Dear Errol:

I would like to express my heartfelt appreciation to you for your participation in many City of Vaughan cultural programs over the years, and especially our Annual Peace Tree Festival, a very important initiative that is close to my heart. In order to ensure the success of these types of community events, we do rely on the involvement of local artists and educators, and you were always committed to embracing and participating in these very important projects.

Your contribution to our events is always appreciated and enjoyed by all, and I applaud your continued efforts to fostering inclusivity within diversity through your music and song writing. It is always wonderful to see the commitment you demonstrate to ensuring our youth learn to embrace cultural appreciation in our community through the arts and education in order to live together in peace and harmony.

I am always encouraged to see how our community comes together to participate and strengthen the beautiful multicultural mosaic that we have built in the City of Vaughan and in York Region. Together, we will build an even better place for everyone to live, work and play in.

I look forward to your continued participation and support for future events!

Wishing you every success,
