

Friday February 16, 2007

Dear Selection Committee,

It is my privilege to write this letter of support for Errol Lee. Errol has been actively involved in York Region schools for the past 5 years as a performer. In 2004, he joined the Character Foundation of York Region as a Character Ambassador and Associate. Errol's performances are widely received across the Province of Ontario, Canada, the US and Japan.

He packs auditoriums full of school aged children, singing and dancing to his music. Errol is unlike any performer I have ever met. His songs inspire children and adults to live with Character. He sings about values and the hero we find in ourselves. He encourages us to make a difference in our local and global communities. As a result of Errol's work, schools and community organizations have taken up the torch. They have established HERO clubs addressing anti-bullying, diversity, anti-racism and social justice.

Errol supports the work of the Character Foundation of York Region by volunteering and performing in local malls, community centers and theatres. In the past, he has conducted training workshops for a variety of other school Boards. He has even supported the Character Development of youth in remote Aboriginal communities in Northern Ontario and Quebec.

Errol's meritorious services and contribution have definitely made a positive difference in the lives of others.

Sincerely,

Christine deHaas  
Executive Director  
Character Foundation of York Region
